

ROYAL
HORSE

Competition - Reveal excellence

H-250

Because your horse deserves to win, ROYAL HORSE develops advanced nutritional solutions. Our Competition line meets the high energy needs of horses during competitions by supporting intense muscular exertion and promoting recovery.

H-250 supplies the energy ideal for short but intense effort (1 hour per day)

Available in
25 kg bags

FLAKED FEED

Flaked feed, in addition to forage, formulated for short but intense effort, developed for competition horses and ponies.

Supplemented with Prebiotics:

MOS (Mannan-oligosaccharides) which bio-regulate gut flora promoting intestinal transit.

Supplemented with L-Carnitine, an essential nutriment for effort that promotes the use of energy derived from fats.

Supplemented with Vitamin E, Vitamin C, and Organic Selenium which, through their complementary antioxidant action, promote cell protection to support muscular exertion.

Trace element intake (Zinc and manganese) in a bio-available form that improves assimilation.

ANALYTICAL CONSTITUENTS / KG CRUDE

Crude protein.....	13%
Crude oil and fat.....	5%
Crude fibre.....	13%
Hemicellulose.....	15%
Crude ash.....	8%
Moisture.....	11.5%
Starch.....	25%
Lysine.....	0.55%
Methionine + Cystine.....	0.45%
Threonine.....	0.45%
Calcium.....	1.0%
Phosphorous.....	0.5%
Magnesium.....	0.3%
Sodium.....	0.5%
Potassium.....	1.2%

*This list of ingredients is given for information purposes only and can change in compliance with ROYAL HORSE specifications; the product label will provide the exhaustive list of ingredients.

Please ask for advice from your ROYAL HORSE technician and your veterinary surgeon. The mentions and the values appearing on this sheet are provide for information purposes only and are not contractual.

ROYAL HORSE guarantees that all precautions have been taken to ensure that this feed meets the recommendations of the Fédération Equestre Internationale and the Racing Code.

INGREDIENTS*

Maize flakes, barley flakes, whole oats, popped barley, soybean flakes. Pellets: wheat bran, cellulose based products, dried horse alfalfa, molasses, extruded soybean, extruded linseed, minerals, vitamins, vegetable oils, L-Carnitine, Mannan-oligosaccharides (MOS).

VITAMINS / KG CRUDE

Vit A.....	11,000 UI
Vit D3.....	1,650 UI
Vit E.....	220 UI
Vit B1.....	13.2 mg
Vit B2.....	4.4 mg
Vit B5.....	11 mg
Vit B6.....	4.4 mg
Vit B12.....	0.031 mg
Vit PP.....	22 mg
Folic acid (B9).....	5.5 mg
Vit C.....	150 mg
Choline.....	220 mg
Biotin.....	0.55 mg

TRACE ELEMENTS / KG CRUDE

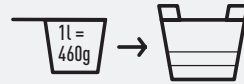

Total iron.....	108 mg
Chelated iron.....	21.6 mg
Total copper.....	36 mg
Chelated cooper.....	7.2 mg
Total zinc.....	108 mg
Chelated zinc.....	21.6 mg
Total manganese.....	60 mg
Chelated manganese.....	12 mg
Iodine.....	0.55 mg
Total selenium.....	0.36 mg
Organic selenium.....	0.18 mg
DCAB.....	175 meq

NUTRITIONAL VALUES

0.95 CFU ...ED:	3,085 kcal/kg crude
DCP.....	98 g/kg crude
Omega 6/omega 3.....	3.5

INSTRUCTIONS FOR USE

Ration in two or three meals per day with fresh water freely available.

STANDARD RATION FOR A HORSE WEIGHING 500 KG

H-250: 4.5 to 5.5 kg (9.8 to 12 litres), hay: 5 kg (long digestible fibre intake), wheat straw bedding.

RATION WITH ARTIFICIAL BEDDING

H-250: 4.5 to 5.5 kg (9.8 to 12 litres), hay: 7 to 8 kg.

FOR PONIES WEIGHING 250 KG, HALVE THE QUANTITIES INDICATED

For another feed programme contact your ROYAL HORSE technician.
